## From the Chairman's Desk

Dr. B. Ratnam

It is very pleasure to convey my best wishes to every one and I pay my gratitudes to the almighty who has given this legacy to serve educational field. I am gratified at the thought that we have been contributing progressive education for nine years successfully to promote and to strengthen younger generation. Thank you for all the support extended during the past nine years of LCE for its grand existence and I congratulate the Principal, faculty and the staff their untiring effort to create robust academic driving force in order to promote the credentials of our students.

I assure you that enhancing this spirit to contribute significant changes through our institution to make excellence of the students to reach current technical competence and global acceptance and all the students are advised to apply their sound knowledge discriminatively for the betterment of the society by recognising technological assets and its integration with spirituality.

Lenora Bill Dudney, a faithful lady at Willette Church of Christ. She worked for many capacities in USA. She acquainted with Bro. Ratnam through her husband, retired from military, worked as a co-ordinator of India Mission work. He made 16 trips to India. Now they retired and are examples for many Church members. She had never been to India but she won the hearts of Indian brothers and sisters with her affection and love especially through Bro. Ratnam and Smt. B. Subha Lakshmi Ratnam.

## From Secretary's Desk

**Dr. B. John Ratnam**  
M.A(Litt), M.A(Rel), B.L, Ph.D.,

I am very pleased to cable my best wishes to every one and it has been a great privilege by supreme to offer my service for younger generation. I take this option to congratulate the Principal, faculty, staff and students, for their co-operation and contribution in making this institution one of the best Engineering Colleges and the students are directed to excel their technical skills and soft skills to become productive links between great past to grand future to make fruitful society. I hope that the students would recognise, Educational Institutions, Universities and colleges are the active agents of social transformation and the real education requires an inculcation of spiritual values to drive the Interactional process of civil society.

I further commit to invest our continuous effort to evolve our institution into one of the world class institutions by facilitating complimentary strengths to empower Global Technology.

**Church Building at Rampachodavaram**

The Church building of churches of Christ at Rampachodavaram is one of the biggest among Churches in India, having 2000 seating capacity. It is a huge construction with 120 ft. X 46 ft X 40 ft. dimension with balcony. The structure stands as an example in the agency to spread the word of God. The foundation stone laid by Mr. William F. Dudley, U.S.A, on January 12, 1992. Mark Hicks memorial library was opened on January 19, 1995 by Mr. Hugh Wayne Clark U.S.A. Grand opening of the house of God by Mr. Joe Lynn U.S.A on January 26, 1997. Church auditorium and Berean Bible College declared open for the glory of the Almighty God by Mr. Gene Carter U.S.A, Mr. Tim Smith (U.S.A) and Mr. Hugh Wayne Clark U.S.A on January 19, 1995. Originally the Church of Christ was started by Bro. Ratnam in 1962. The present Church as it stands today reflects the sacrifices of Bro. Ratnam and his team, who conducts worship sessions in the church. He has moulded many down trodden people to move from uncertainty to steadiness by the holy scripture of Bible.

## 🏆 Social Outreach Program - "SAHAAY" 🏆

The Winners receiving Awards from the Chairman

"SAHAAY" The social out reach programme has been a well organized contribution since its inception by the students of Lenora College of Engineering under the esteemed guidance of the Principal. It has conducted many events in High schools and encourage them to improve their Educational requirements. It is expected to enable the students to recognise the importance of Social Service in one's life and offer helpfulness for the students who are in impoverished economical conditions and its constructive ideas are as follows.

- ➡ Displaying and implementing the creative ideas of students which are useful to our organization.
- ➡ Interacting with some other organizations for updating the benefits.
- ➡ Conducting Blood camps in every six months and also giving the blood to the needy persons.

There are plenty of rules for attaining success, but none of them work unless you do
